NAFTALI GROUP HOSTS AMENITY LAUNCH PARTY AT THE SHEPARD

The Naftali Group recently revealed their newly completed amenities at The Shepard, a luxury residential building in the West Village. Brokers mingled and enjoyed friendly competition in basketball, foosball, and arcade games. Basketball and golf pros were on-hand to provide lessons, appetizers and Ladurée macarons were served, and attendees enjoyed both a wine bar and specialty whiskey bar. In addition to being treated to tours of the remaining penthouse and a stunning home on the 12th floor by Alexa Lambert and her team at Stribling Marketing Associates, the exclusive sales and marketing firm on the project.

Brand new amenity spaces include an indoor half-basketball court, a bouldering wall for climbing, a state-of-the-art private wood-paneled gym, a pilates studio, a game simulator, a game room featuring vintage arcade games and a custom BDDW ping-pong table, a screening room, and a children's art room. Other amenities include a paneled library curated by premier book publisher Assouline and a lush private garden.
