The Women's Power Breakfast brought together an inspiring group of leaders for a morning of conversation, connection and forward-thinking dialogue. Among the morning's highlights was the Building Legacy panel, moderated by Modern Luxury EVP and Editor-in-Chief Phebe Wahl, which gathered an extraordinary group to share insights on leadership, impact and creating influence that lasts. With Modern Luxury and *Manhattan* magazine serving as the official media partners, the event offered a powerful platform for meaningful exchange while bringing the Women's Power Series to a wider audience. *-RF*
